

Guide to Watch Tabernacle UMC Service on YouTube

This is a guide with links to help you watch the LIVE service from Tabernacle UMC as well as watch recordings of the service if you missed it.

You can go to the main church website on ANY browser – www.tabumc.org and click on the YouTube icon in the upper right of the page and this will take you directly to the Tabernacle UMC YouTube Channel.

NOTE: I have noticed that the icon may not show up on phone browsers, but you can still click the link listed on page 2.

When you get to the Tabernacle UMC YouTube Channel, it will look something like this.

When the stream is LIVE, you can click on the service that is LIVE and watch it in real time.

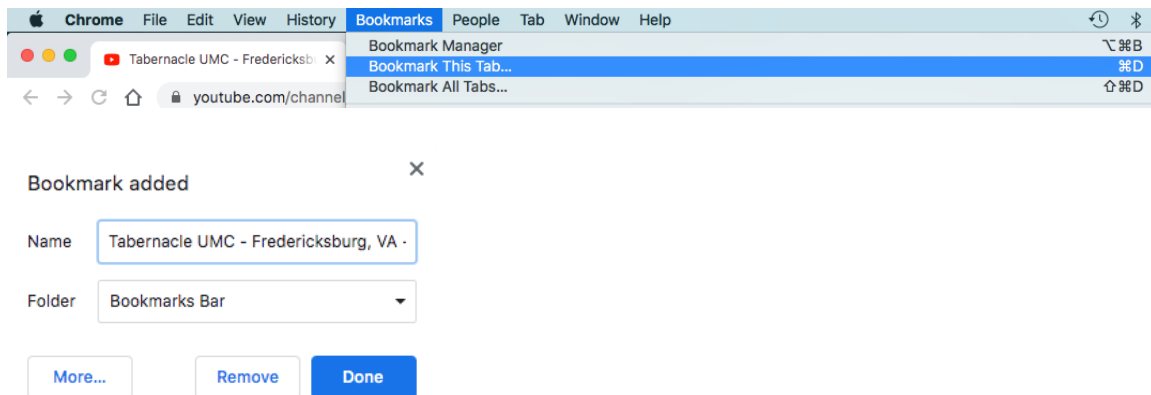

After the LIVE event, the video will also appear on the same page under VIDEOS and can be watched at any time.

You can always just click this link and it will take you to YouTube Channel immediately.

You can always copy and paste the link into ANY browser and get to the page as well.

So you don't have to click this every time, you can Bookmark the page and just go to the Bookmark the next time you want to go there.

If you have a Gmail account you will be able to leave comments or chats during the LIVE Event.

Please bear with us as this is new for all of us. Hopefully after a few times, this will be routine for you.

Thank you for your patience.
